

HDF2500 / 2500 Bar Electric Engine Driven Hydraulic Test Pump

Technical Data

Model Code	HDF2500-750-230V	HDF2500-750-115V
Voltage	230 Volt	115 Volt
Nominal Power Out	0,75 kW	
Flow Rate:	3,5 liter/ min	
Low Pressure up to 30 bar		
High Pressure at 2500 bar	0,27 liter / min	
Weight with oil	37,5 Kg	
Oil Tank Capacity	5 Liter	
Dimensions (L+W+H)	450 x 32 x 430 mm	
Noise Level	82 db (A)	

Features:

- Gauge Ø 100mm, Class 1.0 glycerine filled, 2500bar / 35.000 Psi
- Cejn 135 Series quick release female coupling
- Manually adjustable 0...2500 bar infinitely variable pressure valve
- Security remote control 24V DC with 5m cable
- Industrial inline oil filter
- Steel protecting frame with rubber feet
- Oil sight glass
- Made in Germany
